WHO WE ARE?

At Vast Coaching, we believe in three fundamental principles; Ignite, Accelerate and Growth.

Through our teaching mechanism, we ignite the interest of students in the subject so that they can accelerate their learning curve and eventually we can see growth in their results.

The institution is run by IIT Alumni which gives ample of guidance to teach and coach students.

FAQs

1. What is the registration process?

To register your child in Vast Coaching program, you need to visit the institute and interact with counsellor to understand the best suited program. Thereafter you can complete the formalities of registration there itself. Alternatively you can call and understand your best suited program and get registered for offline/online courses.

2. What are the timings of classes?

All the offline classes start either at 4:30 PM or by 5:30PM depending upon the batch. This timing has been considered to suit most of the children's school closing time. Online classes have different timings in the evening.

3. How do I know my child's progress?

We'll be having tests/quizzes on regular interval to track the student's performance and updates will be sent to parent's whatsapp number.

4. Do you provide any study material?

We'll be providing worksheets and class notes for every chapter we cover. This will ensure that student are thorough in concepts.

5. What is the student strength in one batch?

Typically we don't have more than 10 students in one batch.
